

# AFFORDABLE FOOD PROGRAM

Organic  
Food

## What is the Affordable Food Program?

The Co-op developed AFP to help qualifying member owners offset the cost of whole, local and organic foods with a 10% discount at both Co-op locations. The premise is simple: Everyone deserves to eat healthy food, regardless of income.

## How Do I Qualify?

AFP is a benefit of membership and is open to low-income members in good standing who currently participate in the EBT/SNAP program. Co-op membership is \$10 with a six month renewal or \$20 with a yearly renewal, annually, until \$300 is reached. Your membership is refundable at any time.

## How Do I Sign Up?

Members in good standing can apply for a period of six months with the option to renew as long as they still qualify. Eligible members are to submit a completed AFP application at the register of either store location.

## Benefits

Qualifying members receive a 10% discount each time you shop for a period of six months, with the ability to combine discounts with 10% member-only quarterly discounts and Wellness Wednesday 10% discount.
