01

The Co-op developed CSFAP to help qualifying member owners offset the cost of whole, local and organic foods with a 10% discount at both Co-op locations. The premise is simple: Everyone deserves to eat healthy food, regardless of income.

CSFAP is a benefit of membership and is open to 18+ members with a valid student ID card. Co-op membership is \$10 with a six month renewal or \$20 with a yearly renewal, annually, until \$300 is reached. Your membership is refundable at any time.

02

03

Members in good standing can apply for a period of six months with the option to renew as long as they still qualify. Eligible members are to submit a completed CSFAP application at the register of either store location.

Qualifying members receive a 10% discount each time you shop for a period of six months, with the ability to combine discounts with 10% member-only quarterly discounts and Wellness Wednesday 10% discount.
