## ***Policy C5 – Directors' Code of Conduct Code of Ethics As director of Feather River Food Cooperative, I agree that:***

- The Board's authority is limited to overseeing the affairs of the cooperative in a manner deemed beneficial to the cooperative as a whole. To do this, we employ a manager to be responsible for the overall and day-to-day management of the business under the direction of the board and work with management to set the future direction of the Co-op. We are also responsible for carrying out other duties as provided by the bylaws or by general or specific corporate laws.
- Each Director's authority is equal only to the rights and authority of any individual member of the cooperative except when the Board is in formal meeting. No individual Director may take action on behalf of the cooperative alone unless explicitly delegated that authority by action of the Board, and no individual Director has any particular rights to information not made available to all Directors.

- The authority of the manager, as approved by the Board in the General Manager's job description, is to manage the affairs of the cooperative. The manager shall employ, supervise, and discharge all employees, agents and laborers and engage in all negotiations and discussions on behalf of the cooperative as necessary and/or directed by the Board.
- While an individual Director may disagree with a policy approved by or action taken by the majority of the Board, s/he will support that policy or action as being the considered judgment of the Board. An individual Director shall have the right to present further evidence and argument to the Board for further consideration in a manner consistent with the Board's practices. The Board shall have the duty to reconsider its actions appropriately.
- All Directors will maintain confidentiality as needed to protect the Co-op's interests and financial viability. This means that all Directors shall not discuss disputed or confidential corporate actions, policies, or issues with Co-op members, employees, or the general public unless all directors agree that such information is no longer confidential. All issues related to personnel, real estate, market strategy and goals, pending litigation and details of the Co-op's financial status will be considered sensitive issues subject to confidentiality unless or until full disclosure is approved by the Board as a whole.
- Directors serve as representatives of the Cooperative. Directors shall conduct themselves in a professional manner that fosters confidence and reflects positively on the Co-op, its members, and its staff. Directors will respect the rights of other Directors, staff and members to communicate their ideas free from interruption and without intimidation. All Directors shall affirmatively and, at all times, disclose any and all conflicts of interest.
